

Future Kids, India presents

4 day's Coding Workshop on the occasion of New Year based on Scratch, Python, MIT Android App Inventor & Robotics.

Dear Sir/Ma'am
Greetings!!!

Future Kids Education Foundation is pleased to be associated with you and would like to inform you that we have been conducting Coding Workshops, Coding Classes and Coding Contests not only in India but also in many other countries like USA, UK, AUSTRALIA, QATAR, OMAN, SAUDI ARABIA, DUBAI, INDONESIA, UAE, MALAYSIA, KINGDOM OF BAHRAIN, KUWAIT, & CHINA etc.

This 4 day's Online Coding Workshop via Zoom is open to all the students to the ages of 7 to 15 years from Grade-III to- Grade X which provides a perfect global platform wherein a student can actually put his/her talent, knowledge and creative skill sets to test and can apprehend his/her standing on an international scale. All this in turn help them create as a trajectory for their achievements in higher studies and professional areas, later in life.

Dates of the Workshop will be from 1st to 4th January and 6th to 9th January 2021.

Topics Covered in the Online Coding Workshop will be as follows -

Day 1- Introduction to Scratch and Animation Projects and followed by project Car Racing Game.
Day 2- Introduction to Python and its application.
Day 3- Introduction to MIT Android App Inventor and mobile text to speech App development.
Day 4- Introduction to Robotics and major fields in Robotics along with construction.

Registration Fees for 4 day's Coding Workshop-250 INR per student. Last date for registration is 25th Dec, 2020.

Each student will be given an E-certificate and will also be eligible to participate in Coding Competition based on Scratch, Python, Android App development and Robotics.
